

ANOTHER STRIDE SUPPORTER IS ENJOYING SUCCESS

At the recent Hofmeyr 100 miler on 4 August 2007, this event was won by Chris Landman on his horse Farouk (alias Scooter), who can be seen in the picture crossing the winning line as if both rider and horse are ready for another race. Not only did Chris win this event, but he also achieved the Best Conditioned Horse Award for this tough race.

Chris has enjoyed a good 2007 in that he won the Louise Botha 100 miler (on 7 April at Fauresmith) plus achieving Best Conditioned Horse for this event, as well as achieving 4th place at the Loskop Valley International 100 miler (5 May 2007). Chris has specialised in the longer distance competitive events and uses more than one horse to achieve his success.

We wish to thank Chris for his support of Stride and are proud to be able to make a contribution to this successful combination of horses and rider. May the rest of this year prove equally successful and enjoyable.
